

Annual Flat Rate Snow Removal  
**Schedule 2**  
Effective July 1, 2026 for fiscal year 2026-2027

Assessments for each parcel within the service area shall be;

|                                                                                      |                     |
|--------------------------------------------------------------------------------------|---------------------|
| Unimproved Residential                                                               | \$169.94 per parcel |
| Improved Residential                                                                 | \$406.20 per parcel |
| Oversized Residential                                                                | \$784.62 per parcel |
| (where there were originally 2 or more APN combined into one on the County tax roll) |                     |
| Unimproved Commercial                                                                | \$219.34 per parcel |
| Improved Commercial                                                                  | \$455.70 per parcel |

This charge is levied without regard to property valuation.
